FOREWORD

Please do not reproduce.

Erudition has its place. Out of reverence for the author, most translators try to adhere very closely to the original text. This laudable effort has often resulted in turning off the modern reader. There is an Italian adage: "translator, traitor". It is indeed a difficult task to translate and convey accurately an author's thoughts and feelings, particularly for one who has lived in a society vastly different from ours. I have always felt that it is better to bring the modern reader to the fountain of the classics and let him take long draughts from the wisdom and beauty of their timeless writings, rather than to leave them as the exclusive domain of a relatively small number of scholars. Even at the cost of the minor abbreviations and inaccuracies often necessary to make their writings more accessible to the modern reader, provided that the gist of the original is being preserved.

I thought of no work more worthy of my efforts than the "Apology" by Plato. Here is a typical example of a word which does not convey the meaning of the author. Socrates was defiantly defending himself, but he was far from apologizing in the modern sense of the word. Included are short biographies of Plato and Socrates, together with a minimum background information and comments to enable the reader to understand what the accusations against Socrates were all about. My goal is to share with many the beauty of this timeless masterpiece. At the risk of upsetting some scholars, I have tried to replicate the phonetics of ancient Greek names.

Dear

We would like to acknowledge receipt of your application and to thank you for your interest in our scholarship program.

Our scholarship committee recently met and reviewed all the applications. We had nearly 30 applicants this year. The task of selecting among so many fine and deserving students was painfully difficult as you can imagine.

Regretfully, we will not be able to award you a scholarship for the year 1996-97 because:

1. your application arrived late
2. your application was incomplete
3. you are not currently a full-time student
4. our policy is that no more than 2 awards can be granted per student
5. you must be a resident of northeastern Ohio or attending a university in the area
6. the applications were very competitive.

But, we do commend you for your fine scholastic achievements and would recommend that if eligible, you re-apply in 1997.

Truly yours,

Each year awards of five hundred to one thousand dollars are granted to worthy students meeting all of the conditions of eligibility stated below:

CONDITIONS OF ELIGIBILITY

1. The applicant must be of Hellenic descent. (A person of Hellenic descent is one whose parents' ancestral language and culture are derived from historic Hellas and her islands, or from the communities of the Hellenic Diaspora.)
2. The applicant must be currently enrolled in an accredited college or university in the State of Ohio for a period of not less than one full and uninterrupted academic year, or be domiciled in Ohio and attend a college or university out of state for the said period.
3. The applicant must have already qualified for financial aid under the guidelines of the institution attended. (These awards are targeted mainly for students who are in need of financial assistance to continue their education.) A separate statement of eligibility for financial assistance from your college or university should be included with your application. Only on the rare occasion where no competitive applications are received from students qualifying for financial aid will applications from other students be considered.
4. The Recorder's or Registrar's Office of the student's institution must send to the Hellenic University Club a certified transcript of all grades up to the time at which the application is filed. Only students with an accumulated grade point average of 3.50 or better need apply. (It is the student's responsibility to make the proper request of the Recorder or Registrar for the forwarding of these transcripts.)
5. Applicants are to write a 100-150 word essay on their personal goals and objectives. You may express yourself in any way you wish. Please type this on a separate sheet of 8½ x 11" paper, sign and date it.

6. The applicant must have two letters of recommendation sent to the Hellenic University Club in support of his/her application. These letters must be sent separately by those endorsing the student's candidacy. At least one letter should be from a professor in the student's major area of concentration, in the event that a major has been selected. Both letters are confidential.
7. Receiving one award does not disqualify a student from applying in future years.
8. Awards can be granted to only one member of a family in a given year.

FILING DEADLINE: March 15, 1991

To allow the Scholarship Committee sufficient time to assess each application- transcript, essay, statement of financial eligibility, and letters of recommendation - should all be received by the Scholarship committee by March 15, 1991. Notification of winners will take place in early April 1991 at which time the scholarship winners will be invited to attend the Scholarship Banquet. Attendance at this banquet is Mandatory in order to receive the award. If you do not live in the Cleveland area, please arrive in Cleveland the day before the banquet to insure your attendance.

Not receiving an award in one year does not prevent the applicant from trying again the following year.

Dear Mr. Papouras:

The Hellenic University Club of Northeastern Ohio, acknowledges your gift of \$ 1,000 on October 2, 1996 with gratitude. Your gift was one of the scholarships awarded to an outstanding college student with serious financial difficulties. You may also be pleased to know that the "Chris Papouras Scholarship" was given in memory of your grandparents.

Please allow me as the president of the club to tell you that your gesture brought tears of joy in my eyes and a great sense of pride in our young people. If we could only have a few more young people like you, the future of the club would be secure. I would like to comment you once again for being so generous and thoughtful and wish you all the best in life.

The Hellenic University Club certifies that no goods or services were received for the above mentioned gift.

Sincerely yours,

Annouska Remmert, Ph.D.

To whom it may concern:

David Demos has requested that I write a letter of recommendation in support of his scholarship application. I am delighted to have the opportunity to do so.

David was a student in my freshman level course (academic year 1997-98) in music fundamentals, harmony, counterpoint and analysis, known collectively as music theory. He was indeed the most dedicated, serious, hard-working student in the class, and among the finest students I have ever had the pleasure to work with in my 25 years of teaching.

The most admirable of David's attributes is his absolute dedication. For example, when a written assignment was given consisting of harmonizing a figured bass or melody, he presented not just one version, but several, often adding commentary describing his choices and conclusions. For an instructor, this is most rewarding, as it opens up a line of communication which is the essence of the student-teacher relationship. David would often be the only student to remain after class for additional clarification and explanation of the issues of the day. It came as no surprise to me when, at the end of the school year, he asked me to work with him over the summer on the materials of the course. I gladly agreed. David's work at the keyboard and on paper during those months was truly exemplary. He was steadfast in his maintaining very high standards, and clearly found the study of music to be both intellectually rewarding and profoundly enriching.

Since leaving Purchase and transferring to Oberlin, David and I have kept in close contact. He has kept me informed as to his course work and other activities at Oberlin, and I continue to be greatly impressed with his accomplishments. I have often thought "how does one person accomplish so much and with such excellence?" David is a true musician in my judgment, and cannot fail to have a wonderful career in the profession. We need more people like him!

May I add that David possesses a warm, friendly personality. I give him my heartiest recommendation as a musician and as a person, and am confident that he will excel in his graduate studies and professional pursuits.

Very truly yours,

Robert Fertitta
